

Pyruvate kinase activation: Latest clinical trial results across hemolytic anemias

Thursday, June 9, 2022
19:15–20:45 CEST, Hall **Strauss 3**

Mechanism of pyruvate kinase activation across hemolytic anemias

Maria Domenica Cappellini (Moderator)
MD, FRCP, FACP

Activation of mutant pyruvate kinase in pyruvate kinase deficiency

Hanny Al-Samkari
MD

Activation of wild-type pyruvate kinase in thalassemia

Kevin HM Kuo
MD, MSc, FRCPC

Activation of wild-type pyruvate kinase in sickle cell disease

Eduard J van Beers
MD, PhD
